BY FRANCIS J. WHITE.

ABOARD U. S. S. GOLDSBOR-OUGH, off Sandy Hook, N. J., July 26.-After trailing the challenger in yacht race, the American Resolute assumed the lead shortly after 1 o'clock this afternoon and by 1:30 p. m. was a quarter of a mile ahead of the British challenger, Shamrock IV.

The wind, which had been light, whipped up in pretty fashion and Resolute got the full benefit of it. Sham-rock did not get the benefit of the breeze because of her position and she lay a quarter of a mile astern, almost becalmed.

The race was slow because of the light wind at the start. At 1:30 the half way mark was nearly ten miles

Shamrock was leading by nearly a

minute when she crept across the

Both yachts crossed the line under balloners and Shamrock at once headed far off the course on a luffing reach to the westward. At 11 o'clock the scheduled hour for starting, only a mild breeze was blowing and the committee decided to wait until later in the day to send the yachts away The breeze freshened a little and the signal to start the race was hoisted at 11:15 a. m. The course of today's race runs south by west, half west fifteen miles to a mark five miles off the New Jersey course at Ashbury Park and return to Ambrose Lightship. This means a run down before the wind and a beat home.

The official starting time of the yachts follows: Shamrock 11:30:29. Resolute 11:31-

At 11:45 the two yachts were moving very slowly with Shamrock still out ahead but without having pulled any further away from Resolute. The yachts were nearly two miles to the westward of the course.

Shamrock began to pull away from Resolute at 11:5 and increased her lead to quarter of a mile. Both yachts were still going very slowly.

The yachts had sailed five miles at 12:40 but less than two miles in the direction of the outer mark. At 12:50 Resolute slipped by Sham-

At 12:55 p. m., Resolute was leading

the British craft by fifty yards and

was 100 yards to windward. At 1 o'clock the wind, which had been light from the north, hauled over h the east. Resolute was the first to pick up the breeze and began to move ahead rapidly, besides being well to the windward.

OUGH, off Sandy Hook, N. J., July 26.-After trailing the challenger in the early part of today's deciding yacht race, the American Resolute assumed the lead shortly after 1 o'clock this afternoon and by 1:30 p. m. was a quarter of a mile ahead of the British challenger, Shamrock IV.

The wind, which had been light, whipped up in pretty fashion and Resolute got the full benefit of it. Shamrock did not get the benefit of the breeze because of her position and she lay a quarter of a mile astern, almost becalmed.

The race was slow because of the light wind at the start. At 1:30 the half way mark was nearly ten miles

Shamrock was leading by nearly a minute when she crept across the starting line.

Both yachts crossed the line under balloners and Shamrock at once headed far off the course on a luffing reach to the westward. At 11 o'clock the scheduled hour for starting, only a mild breeze was blowing and the committee decided to wait until later in the day to send the yachts away. The breeze freshened a little and the signal to start the race was hoisted at 11:15 a. m. The course of today's race runs south by west, half west fifteen miles to a mark five miles off the New Jersey course at Ashbury Park and return to Ambrose Lightship. Harding, the Republican This means a run down before the wind and a beat home.

The official starting time of the yachts follows: Shamrock 11:30:29. Resolute 11:31-

At 11:45 the two yachts were moving very slowly with Shamrock still out ahead but without having pulled any further away from Resolute, The yachts were nearly two miles to the westward of the course.

Shamrock began to pull away from Resolute at 11:5 and increased her lead to quarter of a mile. Both yachts were still going very slowly.

The yachts had sailed five miles at 12:40 but less than two miles in the direction of the outer mark. At 12:50 Resolute slipped by Sham-

A third and very slight earth-quake shock was felt here at 9 A. M., today. The trembler was barely noticeable in this region. No damage was reported.

LOS ANGELES, Cal., July 26. - A sharp earthquake was felt here at 4:10 a. m. today. The first shock was followed a few minutes later by a second lighter shock. No damage had been reported at the time this dis-

patch was filed. The trembler was one of the same nature as those which rocked the city ten days ago a sudden jolt, but it was not of the intensity of those quakes, and so far as can be learned,

that followed the earlier tremblers. Owing to the early hour at which shock "registered," it found the najority of people in their beds and great many were not awakened. ere was no confusion down town, although in some of the smaller hotels few persons ran out in their night clothes, fearing additional tremblers. The cool fog of the early morning soon drove them indoors again.

Does Not Expire Until November 1.

By M. K. ZIMERMAN.

Inasmuch as the wage agreement between the Sanitary Potters' association and the National Brotherhood of Operative Potters does not expire until Nov. 1 next, no haste is necessary in agreeing to a date for the opening of discussions. At the close of the annual meeting of the Brotherhood, business referring to the sanitary branch of the industry was left to the care of First Vice President Frank H. Hutchins of Trenton, N. J., who is quite familiar with the situation.

Through his office, resolutions adopted by the convention with reference to the sanitary trade are being reduced to points that will be subjects for discussion at the joint conference.

Those questions which have a bearing on the general ware branch of the industry have been left to President Edward Menge and the East Liverpool national headquarters for future action and consideration.

The questions that will be submitted to the manufacturers of sanitary ware have not been given the printer It will be some time thereafter before these subjects are placed in the hands of the manufacturers.

SCALE MEETING

Wage Agreement, However, Does Not Expire Until November 1.

By M. K. ZIMERMAN

Inasmuch as the wage agreement between the Sanitary Potters' association and the National Brotherhood of Operative Potters does not expire until Nov. 1 next, no haste is necessary in agreeing to a date for the opening of discussions. At the close of the annual meeting of the Brotherhood, business referring to the sanitary branch of the industry was left to the care of First Vice President Frank H. Hutchins of Trenton, N. J., who is quite familiar with the situation.

Through his office, resolutions adopted by the convention with reference to the sanitary trade are being reduced to points that will be subjects for discussion at the joint conference.

Those questions which have a bearing on the general ware branch of the industry have been left to President Edward Menge and the East Liverpool national headquarters for future action and consideration.

The questions that will be submitted to the manufacturers of sanitary ware have not been given the printer. It will be some time thereafter before these subjects are placed in the hands of the manufacturers.

At is probable no wage conference with the sanitary manufacturers will be held before September and proba-

PLAN SANITARY SCALE MEETING

Wage Agreement, However, Does Not Expire Until November 1.

By M. K. ZIMERMAN

Inasmuch as the wage agreement between the Sanitary Potters' association and the National Brotherhood of Operative Potters does not expire until Nov. 1 next, no haste is necessary in agreeing to a date for the opening of discussions. At the close of the annual meeting of the Brotherhood, business referring to the sanitary branch of the industry was left to the care of First Vice President Frank H. Hutchins of Trenton, N. J., who is

quite familiar with the situation. Through his office, resolutions adopt ed by the convention with reference to the sanitary trade are being reduced to points that will be subjects for discussion at the joint conference.

Those questions which have a bear ing on the general ware branch of the industry have been left to President Edward Menge and the East Liverpool national headquarters for future action and consideration

The questions that will be submit ted to the manufacturers of sanitary ware have not been given the printer It will be some time thereafter before these subjects are placed in the hands of the manufacturers.

A is probable no wage conference sanitary manufacturers will be held before September and proba-bly later.

FARMER-HEIR WON'T QUIT \$22 A MONTH JOB FOR A MILLION

David Cant.

Because he wants to help his boss, F. C. Stark of Boyleston, Mass., harvest his hay and grain, David Nicoll Cant, a farmhand, has postponed a trip to Scotland to claim his share of an estate valued at more than \$1,000,000. Cant's father, a wealthy liquor dealer of Dundee, Scotland, died, leaving the farmhand as one of the heirs. Cant has been a farmhand for twenty years, during which time his wages. years, during which time his wages have averaged \$22 a month.

Sometimes the city succeeds, as New York hopes to do, in re-purchasing its patrimony, at an almost ruinous price. Sometimes the loss is permanentthe sea beach or lake shore or river frontage, or the old forest land, or the picturesque valley, or the park space in the very heart of the city, is gone for ever.

### TWO-CENT FARE AGAIN.

A peculiar angle of the railroad situation is that, just as the roads are empowered to raise their freight rates-as they will be shortly-many of them are likely to have their passenger rates lowered. The states which before the war-time regime had twocent fare within their borders are permitted by the new railroad held a picnic at Columbian park yes law to restore that fare in September, and it will not be surprising if many of them decide to do it, regardless of whether or not the railreads now can afford to carry passengers for two cents a mile.

This will not affect inter-state business, but it may seriously home in this city after a visit at Steuaffect various railroads that have a large passenger traffic in certain populous states. It may affect still more seriously the interurban trolley lines that have to compete with such roads, for they are having hard enough sledding as matters stand. It will add another element of confusion to the railroad situation.

Eventually, it will probably be found necessary to bring even troit and Duluth the intra-state business under federal jurisdiction, and standardize it as inter-state business is now standardized.

### PLENTY OF COAL

There is comfort, though cold comfort it may be, in the announcement that there is plenty of coal—in the ground. At a recent convention of coal experts, it was reported that the hard coal ton. in this country will not give out for 150 years, and the soft coal is have returned home after a week's virtually inexhaustible.

Some coal men may question these figures. They are not given as accurate, for there is no possibility of computing the future population of the country and its fuel needs. But anyone who has looked into the matter will grant that not even the remotest generation in which living men and women can have any personal con-

The National Safety Council report indicates that unless quick action is taken to curb the carelessness of pedestrians as well as of drivers, the automobile, because of its rapidly increasing popularity, is destined to become even more deadly. ### TWO-CENT FARE AGAIN.

A peculiar angle of the railroad situation is that, just as the roads are empowered to raise their freight rates—as they will be shortly-many of them are likely to have their passenger rates lowered. The states which before the war-time regime had twocent fare within their borders are permitted by the new railroad held a picnic at Columbian park yes law to restore that fare in September, and it will not be surprising if many of them decide to do it, regardless of whether or not the railreads now can afford to carry passengers for two cents a mile.

This will not affect inter-state business, but it may seriously affect various railroads that have a large passenger traffic in certain populous states. It may affect still more seriously the interurban trolley lines that have to compete with such roads, for they are having hard enough sledding as matters stand. It will add another element of confusion to the railroad situation.

Eventually, it will probably be found necessary to bring even troit and Duluth the intra-state business under federal jurisdiction, and standard- at the C. C. Thompson pottery, is ize it as inter-state business is now standardized.

### PLENTY OF COAL

There is comfort, though cold comfort it may be, in the announcement that there is plenty of coal in the ground. At a rec- weeks visit with friends in Barberent convention of coal experts, it was reported that the hard coal ton. in this country will not give out for 150 years, and the soft coal is have returned home after a week's virtually inexhaustible.

J.W. Paul, chief coal mining engineer of the United States Bureau of Mines, is quoted as saying that there is enough to supply the American people for 6,000 years. Few persons have any interest extending beyond that time. It is a period as long as traditional age of the world. If the soft coal lasts as far into the future as from the present tim back to Adam, there is no need of worrying.

Some coal men may question these figures. They are not given as accurate, for there is no possibility of computing the future population of the country and its fuel needs. But anyone who has looked into the matter will grant that not even the remotest generation in which living men and women can have any personal con-

cern will lack fuel if any reasonable care is taken of the supply. The lignite deposits alone in Montana and North Dakota, as yet hardly touched, amount to trillions of tons. That coal, and its products, wil be found useful for countless generations when the accessible veins of anthracite and bituminous have run out,

# DAYS BEFORE PRIMARIES

### Aspirants for County Jobs Speed Up Canvass In the "Doubtful" Districts-Visit Potteries In East Liverpool.

BY M. K. ZIMERMAN

Fifteen days remain before the state primary election and candidates for contested offices are working harder on their canvass than at any previous thoroughly covered. Candidates hailing from the northern part of the county were working in the southern of men from all walks of life throughend last week, and those from the out the county banded, together to south were confining their efforts to advance the candidacy of County Comthe opposite district. All candidates, however, did not fail to overlook the East Liverpool potteries, and day after day different candidates sought permission to make shop canvasses.

In the Salem district, however, votwere met as they emerged from the different plants, and at East Palestine shop canvasses have been made

A lot of attention has been given by the different candidates this season to county have noon or evening speeches been made by the candidates, save the get-acquainted meeting held at East Palestine.

The present primary campaign has been a most favorable one for printing offices. Some candidates have purchased cards in lots from 2,000 up to 10,000 and this would indicate that over 150,000 "candidate cards" have made use of during the cambeen paign. In addition to these cards, the majority of the office seekers have had fence and post cards distributed, and now some have started to use twocolor one sheet billboard announce ments. It has been many years since county candidates have made use of billboards, but this year the campaign s being hotly contested.

Probate Judge Samuel W. Crawford was one of those who heard the address of former United Senator Theodore E. Burton at Salem, and he still fares, generally perching on a coping talks about the views of this Republicwith the opinions of Mr. Burton," said Mr. Crawford. "He is an able man and a convincing talker."

> It is now assured that an effort will be made by the Republican County Central Committee to secure Hon. James Watson, United States Senator of Indiana to make one or two addresses in this county. Those who heard Mr. Watson at the Republican convention in Columbus a few weeks ago have been active in the movement to have him speak in Columbiana county. Attorney Boyd of Cleveland, Wood delegate to the Chicago convention is also to be asked to speak in this county during the fall campaign.

"Dreco has brought about a big week on a motor trip to Devil's Lake, change in my feelings, and I gladly commend it to all sufferers."

The one positive way to overcome catarrh is through the blood. The blood absorbs Dreco very quickly and takes it to the weak parts of the body where it's tonic and strengthening efects are soon felt.

Dreco contains no iron, mercury, potash or other harsh minerals, but is made from juices and extracts of many herbal plants which act pleasantly on the vital organs.

All good druggists now sell Dreco and it is being especially introduced in East Liverpool by Flick's drug store, Fifth and Market streets.

"I kept hawking and spitting and continually clearing my throat; my breath was foul and my breathing was difficult. I used several sprays and creams in my nose, but they didn't seem to help much. This Dreco medcollege will appear in a concert at the auditorium of the First United Preshead is clear; in fact every symptom of catarrh is much better.

"I also had aching pains in my back and my stomach was in a bad condition, as it filled up with gas after every meal and was very painful; I sometimes wondered if I had catarrh

"Dreco has brought about a big change in my feelings, and I gladly commend it to all sufferers."

The one positive way to overcome catarrh is through the blood. The blood absorbs Dreco very quickly and takes it to the weak parts of the body where it's tonic and strengthening effects are soon felt.

Dreco contains no iron, mercury, potash or other harsh minerals, but is made from juices and extracts of many herbal plants which act pleas-

antly on the vital organs. All good druggists now sell Dreco and it is being especially introduced in East Liverpool by Flick's drug store, Fifth and Market streets.

### Police Investigate Theft of Ham and Bacon Worth \$100.

Arrests are expected within the next few days in connection with the robbery of a box car, standing on a siding near the Faulk Brothers mill, Fifth street, last Thursday night, in which hams, bacon and other smoked meats, valued at over \$100, were

Railroad detectives and the local police, who are working on the case, claim to have discovered clues as to the perpetrators, which will probably result in arrests. The car door had been sealed, the thieves breaking it to gain admittance to the car.

The car loaded with meats and groceries, had been consigned to Peter Milliron, of East Liverpool, and was intended for East Liverpool trade.

Station Agent A. L. Skinner stated onday morning that several box car thefts had occurred in Chester recently. In order to break up this practice, the railroad company has assigned detectives to this city to run down the gang believed to be responsible.

The dogs are to be kept in Chester and are to be used in running down burglars who have been operating here lately. The dogs are to be thoroughly trained and will be brought into immediate use following the discovery of a robbery. By this plan, it is believed that the persons responsible for a number of petty thefts about the city during the last year can be apprehended.

# Are High Prices | One Foot or a Million

The public today is asking if present price levels are to continue. Nobody knows to a certainty, but in one branch of industry the answer is plainly indicated. The price of Natural gas service will undoubtedly be higher rather than lower. With the demands of the public becoming greater and greater and new supplies of natural gas becoming more and more difficult to provide, the problem for all concerned be-comes one of great importance. The gas companies are expending large additional sums of money necessary to prosecute a diligent search for this ideal fuel and consumers are urged to do away with all wasteful and impractical appliances

was Dr. John Bickford of Woodlawn, Pa., former pastor of the First Methodist Episcopal church of Chester, who paid a high tribute to the Masonic order. The corner stone was laid by Most Worshipful Grand Master of the Grand lodge of West Virginia William K. Cowden, of Huntington.

The program was open to the public and many persons not affiliated with the lodge were in attendance. Rev. Bickford, Mr. Cowden and other visitors, who came from East Liverpool, Wellsville and Lisbon were the guests of the local committee at a luncheon in the Travelers Hotel, East Liverpool, Saturday evening.

The remodeled lodge home will be ready for occupancy about Thanksgiving Day. The local lodge is planning a housewarming reception when the new addition is completed. In the meantime, the main part of the structure is being used as a meeting place for the lodge.

TEVER mind the freight congestion—never mind the reasons why more phonographs have been shipped to us within the last few months-what counts is that we have succeeded in getting 200 Model 7 Pathe Phonographs - and 200 people are going to lay down one small dollar and get the very instrument they have been planning to own, delivered at home and set up and playing that same day.

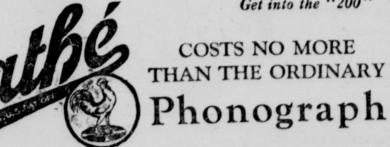

## Starts at a dollar! Starts at a dollar! Starts at a dollar!

If you've got a dollar you're not going to be disappointed this time in getting a Pathé Phonograph. All you need to insure getting it is one little ornery dollar. The main thing is to be quick. If you don't want to find yourself outside get busy! Get Busy! GET BUSY!

# Just 200 members! Just 200 members! Just 200 members!

It's up to you to get in while the getting is good. The Pathé Phonograph is likely to advance in price-we can't tell how soon-so take a tip from us and get one now. Records? That's another proposition. The Pathé Single Dollar Club takes in phonographs only. Don't bleat about the H. C. L. when a dollar does this. You've always wanted a good phonograph—here's your chance to get the best there is -a chance for you and a chance for 199 other lucky people.

Get into the "200"

Phonograph—and that might as well be now. Model 7 is one of the most popular Pathé Models. It is supreme in design, in material and in workmanship and supreme in tone-the one big thing that really counts with any phonograph. ### National Tailors

# I ou can t beat it:

High quality at a low price always appeals to the discriminating buyer. If you want to see real enthusiasm watch the men who are profiting by our sensational tailoring value.

**EXTRA PAIR OF** 

# TROUSERS FREE

If you order your Summer Suit here you'll get an extra pair of trousers to match, worth \$10 to \$15 free. This in addition to tailoring values that have no equal for the money. An extra pair of trousers just doubles the life of a suit. You can't afford to miss this opportunity.

### Suits-to-Order as Low as \$40

Where else can you buy a fine all wool suit to order as low as \$40.00. The more you look around the surer you'll be that in QUALITY, STYLE and FIT our suits at \$40.00 are absolutely supreme We're turning out thousands of these smart big value suits through our chain of shops; most sensational value since before the war.

Pure worsteds, elegant serges, fine cassimeres, smart tweeds, handsome mixtures in a great display at \$50.00, \$55.00 and \$60.00. These make clothes of finest quality and richest appearance. Prices easily \$10.00 to \$15.00 less than other good tailors are asking. Come, look, compare. Don't order anywhere else until you do.

### "How I saved a policeman's life" EVEN THE eggs.

WERE TIRED that morning.

AND THE coffee. DIDN'T FOOL me one bit. BUT WHEN after breakfast. MY CIGARETTE tasted awful. IT WAS too much. AND A grouch started. AND WALKING to work. I SWORE of smoking. AND DECIDED to fire. MY OFFICE boy. BUT JUST before I decided. TO KILL a policeman. A MAN passed me. SMOKING A cigarette. AND SAY but the smoke. THAT DRIFTED back. DID SMELL good. AND I followed him. INTO A store. HE THREW down two dimes AND SAID "The same." AND SO did I. AND SO I'm still smoking. AND STILL keep that. OFFICE BOY and I let that. HANDSOME POLICEMAN live. AND I'M going to boost.

JUST a whiff of that spicy aroma of fine Turkish and Domestic tobaccos will make you hungry for this "satisfy" smoke. There are blends and blends, but none like this one. Chesterfield's blend is a secret and it cannot be copied.

THAT MAN I followed.

DO SATISFY.

FOR PRESIDENT or something.

FOR REALLY those cigarettes.

### LABOR CLASSES TO OPPOSE TWO MEN

COLUMBUS, July 26.-Ohio Federation of Labor officials consider the senatorial candidacy of former Gov-ernor Willis and the gubernatorial candidacy of former Congressman ole, Republicans, as "unfavorable."

This action was taken at a confer ence here of representatives of 46 local central labor bodies and five subdistricts of miners. The federation officials unanimously adopted a report summarizing the political activities of candidates on the Democratic and Republican state tickets and the nonpartisan judicial ballots. Copies of the report are to be distributed among union labor workers to guide them in easting their votes at the primaries

on August 10. The conferees plan to meet again after the primaries to carry on "the program of the American Federation
